AE 705 Top Five Institutions for Annual Earnings Compared to the Living Wage .....	179

## DATA DEFINITIONS AND CAVEATS

### STUDENT TYPES

Student types are reported based on participation in activities, or enrollment in adult education coursework at a community college noncredit program or an adult education school located in a K12 school district.

In spring 2020, in-person noncredit community college courses were converted to distance education modalities using synchronous live interactions between students and instructors, asynchronous methods in which students accessed materials and instruction on their own time, and/or a combination of the two. The Chancellor's Office recognizes the continued limitations that the noncredit community has faced in reporting student attendance hours for noncredit distance education classes. Specifically, the Chancellor's Office recognizes that the challenges in reporting are a result of noncredit institutions' steadfast work in transitioning to noncredit distance education courses without an established reporting method or data element in the Chancellor's Office Management Information System (COMIS).

Due to these limitations, the Chancellor's Office has determined that the hour threshold requirements for certain metrics (ex. Reportable Individuals and Participants) will not be enforced for noncredit community college adult education students in spring 2020 or any term in the 2020-21 academic year. During this timeframe an enrollment record (SX) in an adult education program will be used as a proxy for the hour threshold components of these metrics. Using this methodology may lead to counts of Reportable Individuals and Participants being overstated. However, outcomes will be captured for more students.

**Reportable Individuals:** Reportable Individuals are at least 16 years of age at the time of entry and receive *any* noncredit support service or participate in one or more instructional contact hours at a K12 adult school or noncredit community college in an adult education program area. Please note that prior to Adult Education Pipeline (AEP) version 5.0, Reportable Individuals included students with one or more instructional contact hours in *any* non-credit course. AEP 5.0 restricts non-credit enrollment to non-credit enrollment *in an adult education program area*.

Students under age 18 are eligible as emancipated minors to enroll in adult education. While California Adult Education Program (CAEP) funding can only be used for students 18 and older (per education code), the dashboard collects data other adult education students regardless of funding source which all have various age requirements. For example, WIOA Title II *does* include students 16 to 18 years of age.

As stated above, noncredit community college students who enrolled in noncredit courses in an adult education program area in spring 2020 and any term in the 2020-21 academic year will be included even if they have not met the one positive attendance hour (SX05) threshold.

**Participants:** Participants are Reportable Individuals who receive 12 or more instructional contact hours at any institution within the academic or program year. The 12 instructional contact hours can come from enrollment in any combination of adult education programs. Participants are counted within one of the major program areas (described below under "Programs") when there is at least one program flag or one or more instructional contact hours matching the program criteria. As stated above, noncredit community college students who enrolled in noncredit courses in an adult education program area in spring 2020 and any term in the 2020-21 academic year will be included even if they have not met the 12 positive attendance hours (SX05) threshold.

**Drilldowns:** The drilldowns by gender, race/ethnicity and age group are available in the "Time Trend & Demographics" drill down selection box. A "Program Type" drill down is also available by ABE, ASE, ESL and CTE depending on the metric displayed. Additionally, many of the detailed data graphs have a

“Student Type” drill down. There are three options in that selection box: All (Enrolled) Students, First-Time Students, Returning or Continuing Students. It is possible to make selections in all the drilldown boxes to see the results on the displayed graph.

**Alignment with Student Success Metrics Dashboard for COMIS:** Students considered Adult Education students for the Adult Education Pipeline dashboard can be included in two of the student journeys on the Student Success Metrics (SSM) dashboard: Adult Education/English as a Second Language Student Journey or Short-Term Career Education Student Journey.

SSM students are assigned to journeys based on the educational goals that students select, either as their informed goal once enrolled in community college, or from OPEN CCC Apply version of the application form (if no informed goal is available) or based on course taking behavior that indicates adult education course-taking for both Adult Education/English as a Second Language and Short-Term Career Education. Students who take noncredit CTE courses are included in the Short-Term Career Education journey.

*For Adult Education/English as a Second Language Students:*

- Goal: To improve basic skills in English, reading, or math
- Goal: To complete credits for a high school diploma or GED
- Goal: To move from noncredit coursework to credit coursework
- Enrollment pattern: Took 12+ contact hours in a noncredit adult basic education, adult secondary education, or ESL courses

*Short-Term Career Students:*

- Goal: To earn a career technical certificate without transfer
- Goal: To discover/formulate career interests, plans, goals
- Goal: To prepare for a new career (acquire job skills)
- Goal: To advance in current job/career (update job skills)
- Goal: To maintain certificate or license (e.g. Nursing, Real Estate)
- Enrollment pattern: Took 12+ contact hours in a noncredit career and technical education or workforce preparation course

There are other differences with the SSM dashboard in terms of who is included as an Adult Education student:

- SSM only includes students 18 years and older
- SSM does not integrate TOPSPro Enterprise data

## **INSTITUTIONS**

**Noncredit Institutions:** Include noncredit programs offered by community colleges that also offer credit programs and distinct community college noncredit institutions.

**K12 Adult Schools:** Include any institution offering adult education programs:

- K12 adult schools housed within K12 School Districts including unified school districts and joint unified high school districts
- Regional Occupational Centers and Programs
- County Offices of Education

**Jail Education Programs:** Include any program offered separately for incarcerated adults by a community college noncredit program or K12 adult school and flagged as a jail education program.

## PROGRAMS

Students are shown by the type of program they participate in. Adult education programs include:

- English as a Second Language (ESL)
- Adult Basic Education (ABE)
- Adult Secondary Education (ASE)
- Career Technical Education (CTE)
  - Workforce Preparation
  - Pre-Apprenticeship Training Programs (Pre-Apprenticeship)
  - Short-Term CTE
- Programs for Adults with Disabilities (AWD)
- Adults Training to Support Child School Success (Child School Success)

Information is displayed for specific program areas, for all programs, or for various combinations of programs in the selected institution(s). Another view of student characteristics is by barriers to employment. Note that Workforce Reentry has been renamed Workforce Preparation.

## BARRIERS TO EMPLOYMENT

- Value options: cultural barriers\*, displaced homemaker, English language learners\*, ex-offenders\*, foster care youth\*, homeless, long-term unemployed, low-income\*, low level of literacy\*, migrant farmworker, seasonal farmworker, exhausting Temporary Assistance to Needy Families (TANF) within 2 years, single parent
- For the six value options noted with an “\*,” if an individual has EVER been flagged in either K-12 adult school or community college systems at any prior time up to and including the selected year as belonging to one or more categories, then the individual is included in those categories for the selected year and any following years where the student record is found.
- For the other seven value options, if an individual is flagged in the selected year in either K-12 adult school or community college, then the individual is included in those categories for the selected year. For these categories without an “\*,” circumstances for students may change year to year.

## TIMEFRAMES

Information is provided for the following years (unless noted otherwise):

- 2020-2021\*
- 2019-2020
- 2018-2019
- 2017-2018
- 2016-2017

\*Employment and earnings and transition data is only available through 2019-20.

The Program Year (PY) for adult education is from July 1<sup>st</sup> to June 30<sup>th</sup>. For K12 adult schools and WIOA Title II funded programs this includes the four quarters from July 1 to September 30<sup>th</sup>, October 1<sup>st</sup> to December 31<sup>st</sup>, January 1<sup>st</sup> to March 31<sup>st</sup>, and April 1<sup>st</sup> to June 30<sup>th</sup>. For community colleges, start dates vary by institution. This includes all semesters/quarters/terms within the academic year, starting with the leading summer, followed by the fall, winter, and spring semesters.

For the purposes of this Metric Definition Dictionary (MDD), the terms *program year*, *academic year* and *selected year* can be considered interchangeable.

## DISAGGREGATIONS

Total counts can be displayed with subtotals in three ways. Disaggregated data is provided by the following three demographic characteristics for all metrics (except when they are displayed under the “Demographics” section as metrics themselves):

- **Gender:**  
Value options: Female, Male, Non-Binary (value added in summer 2019 for 2019-20 reporting), Unknown/Non-Respondent, Multiple Values Reported
- **Race/Ethnicity:**  
Value options: American Indian/Alaska Native, Asian, Black or African American, Filipino, Hispanic, Native Hawaiian or Other Pacific Islander, Two or More Races, White, Unknown/Non-Respondent, Multiple Values Reported
- **Age Group:**  
Value options\*: Age 16 to 18, 19 to 24, 25 to 44, 45 to 54, 55 to 59, 60 and Older, Multiple Values Reported  
*\*These groupings do not align with the age groupings in Datamart or other LaunchBoard dashboards. Age groupings match those in National Reporting System (NRS).*

## DRILL DOWNS

Total counts can also be filtered or drilled down by Program Type for a number of metrics (as listed below including available program types for drill down for each metric listed).

- **1) Adult Education Program Type:**  
Value options: ESL, ABE, ASE, CTE  
NOTE: not all value options are available for Adult Education Program Type but differ depending on metric.

AE 202 Students with 12+ Instructional Contact Hours (Participants) (ABE, ASE, ESL, CTE)  
AE 210 Students with 1 to 11 Instructional Contact Hours (Participants) (ABE, ASE, ESL, CTE)  
Barriers to Employment AE 303-AE 315, AE 9001, AE 9002 (ABE, ASE, ESL, CTE)  
AE 400 Completed an Educational Functional Level Gain (ABE, ASE, ESL)  
AE 403 Completed a Workforce Preparation Milestone (ABE, ASE, ESL, CTE)  
AE 410 Completed an Occupational Skills Gain (ABE, ASE, ESL, CTE)  
AE 411 Completed an Immigrant Integration Milestone (ABE, ASE, ESL, CTE)  
AE 413 Subsequently Took a Transfer-Level English Course (ABE, ASE, ESL, CTE)  
AE 414 Subsequently Took a Transfer-Level Math Course (ABE, ASE, ESL, CTE)  
AE 500 Participants in ESL or ABE who Transitioned to ASE (ABE, ESL)  
AE 505 Employment 2 Quarters After Exit (ABE, ASE, ESL, CTE)  
AE 506 Employment 4 Quarters After Exit (ABE, ASE, ESL, CTE)  
AE 602 Participants in ESL, ABE and ASE who Transition to Postsecondary (or CTE Pathway) (ABE, ASE, ESL)  
AE 633 Participants in ESL, ABE and ASE who Earn a High School Diploma or High School Equivalency (ABE, ASE, ESL)  
AE 636 Participants in ESL, ABE and ASE who Transition to CTE (ABE, ASE, ESL)  
AE 637 Participants in ESL, ABE and ASE who Transition to a Non-Developmental Credit College Course (ABE, ASE, ESL)  
AE 504 Enrolled in Adult Education after Taking College Credit Course (ABE, ASE, ESL, CTE)

AE 509 Completed 6+ College Credit Units (ABE, ASE, ESL, CTE)  
 AE 507 Community College GPA 2.0 or Higher (ABE, ASE, ESL, CTE)  
 AE 520 Top Five Institutions for ESL, ABE and ASE Participants who Transition to Postsecondary (ABE, ASE, ESL)  
 AE 604 Participants who Earned a Postsecondary CTE Certificate (ABE, ASE, ESL, CTE)  
 AE 625 Participants who Completed a Postsecondary Credential (formerly AE 707) (ABE, ASE, ESL, CTE)  
 AE 635 Participants who earned a Low-Unit Credit Certificate (ABE, ASE, ESL, CTE)  
 AE 634 Participants who earned a High-Unit Credit Certificate (ABE, ASE, ESL, CTE)  
 AE 631 Participants who Earned an Associate Degree (ABE, ASE, ESL, CTE)  
 AE 619 Participants who Completed (Chancellor's Office Vision for Success Definition) (ABE, ASE, ESL, CTE)  
 AE 518 Top Five Institutions for Completed a Postsecondary Credential (ABE, ASE, ESL, CTE)  
 AE 519 Top Five Institutions for Earning a Postsecondary Noncredit CTE Certificate (ABE, ASE, ESL, CTE)

Total counts can also be filtered or drilled down by Student Status:

- **2) Adult Education Student Status:**

Value options: All (Enrolled) Students, First-Time Students, Returning or Continuing Students.

AE 100 Participants in English as a Second Language (ESL)  
 AE 101 Participants in Adult Basic Education (ABE)  
 AE 102 Participants in Adult Secondary Education (ASE)  
 AE 103 Participants in Career Technical Education (CTE)  
 AE 205 Adults Served – Services Only  
 Barriers to Employment AE 303-AE 315, AE 9001, AE 9002  
 Enrollment AE 200, AE 201, AE 202, AE 210, AE 9000  
 Received Services AE 201, AE 205, AE 206, AE 9005  
 AE 400 Completed an Educational Functional Level Gain (formerly AE 401)  
 AE 403 Completed a Workforce Preparation Milestone (formerly AE 405)  
 AE 410 Completed an Occupational Skills Gain (formerly AE 406)  
 AE 413 Subsequently Took a Transfer-Level English Course (formerly AE 603)  
 AE 414 Subsequently Took a Transfer-Level Math Course (formerly AE 605)  
 AE 411 Completed an Immigrant Integration Milestone  
 AE 500 Participants in ESL or ABE who Transition to ASE  
 AE 602 Participants in ESL, ABE and ASE who Transition to Postsecondary (or CTE Pathway) (formerly AE 502)  
 AE 636 Participants in ESL, ABE and ASE who Transition to CTE  
 AE 637 Participants in ESL, ABE and ASE who Transition to Non-Developmental a Credit College Course  
 AE 509 Completed 6+ College Credit Units (formerly AE 505)  
 AE 507 Community College GPA 2.0 or Higher  
 AE 520 Top Five Institutions for ESL, ABE and ASE Participants who Transition to Postsecondary  
 AE 633 Participants who earned a Diploma, GED, or High School Equivalency  
 AE 604 Participants who earned a Postsecondary CTE Certificate (formerly AE 702)  
 AE 625 Participants who Completed a Postsecondary Credential (formerly AE 707)  
 AE 635 Participants who Earned a Low-Unit Credit Certificate (formerly AE 703)  
 AE 634 Participants who Earned a High-Unit Credit Certificate (formerly AE 704)  
 AE 631 Participants who Earned an Associate Degree (formerly AE 705)  
 AE 619 Participants who Completed (Chancellor's Office Vision for Success Definition) (formerly AE 708)

AE 518 Top Five Institutions for Completed a Postsecondary Credential

AE 519 Top Five Institutions for Earning a Postsecondary Noncredit CTE Certificate

## COMPARISON GROUPS

Provided that at least ten students attained the metric (see Data Caveats or Limitations section below), detailed data comparison is provided for the following:

- **Institution / Community College District:** includes all individual institutions and community college districts\*
- **Consortium:** includes all agencies within the consortium.
- **Micro-Region:** includes all noncredit institutions and K12 adult schools within a specific micro-region. Dollar values for Earnings metrics are shown as medians across all students in the same micro-region. Data is not displayed by Macro-Region.
- **State:** includes all reporting noncredit institutions and K12 adult schools in California.

\*Note: for community colleges in multi-college districts reporting into TOPSpro, data from TE will only be reported at the community college district level since data is not available from TE at the college level for multi-college districts. Therefore, COMIS data only will be displayed at the institutional level for community colleges who do not report into TE or who report at the district level into TE.

## DATA CAVEATS OR LIMITATIONS

### Noncredit Enrollment in TOPSpro Enterprise (TE) or Chancellor's Office Management Information System (COMIS)

- As stated above, the data reported into TE is at the community college district level, therefore data from TE cannot be displayed at the institutional level for colleges in multi-college districts. However, MIS and TE data can be viewed at the community college district level by selecting the locale level "CC District". The only multi-college community college district who reports TE data at the college level is South Orange. Both Irvine Valley College and Saddleback College have their own unique agency codes in TE.
- Conventions used in SQL Code within this MDD describe the intended results and may need interpretation by programmers to meet the criteria. For example, in TE separate metrics for Disabled and for Veteran do not exist. These are values in a string called PersonalStatuses that are separated by semi-colons. They are represented by "DSBL" for Physically Disabled and "V" for Veteran, among nine other values. In the MDD we use the SQL function WHERE PersonalStatuses IN (Disabled, Veteran) to describe the intended outcome; however, programmers will need to write code to find either value within a string using wildcards and the LIKE statement: WHERE PersonalStatuses LIKE \*DSBL\* OR WHERE PersonalStatuses LIKE \*V\*.

### Missing and Suppressed Information

- Data is suppressed at all levels or locales in the dashboard if less than ten students were in the cohort for a metric or attained the metric.
- When only one category is suppressed, the next largest category has also been suppressed except in the following instance for complementary suppression reasons:
  - Whenever there were more than one "generated" subgroups such as "unknown/non-respondent" or "multiple values reported" and either includes a value of one to nine or

if either one of these “generated” subgroups is zero, then the two subgroups have been combined and masked together to prevent a possible subgroup with ten or greater students from being suppressed for complementary reasons.

- On the Adult Education Pipeline dashboard, the two drilldowns which have “generated” subgroups are gender and race/ethnicity.
- For metrics where outcomes are expressed as averages, a weighted average is calculated for the masked value.
- For all metrics where outcomes are expressed as medians or percentages, if one subgroup is suppressed, complementary suppression of another subgroup is not necessary.

## Deduplication

- Student counts are deduplicated within program counts but not across programs. Therefore, the sum of all program enrollment counts exceeds the total count of all Participants. Some students are in multiple programs within the same agency and program year.
- In metrics with more than one method for achieving an outcome, counts are deduplicated for reporting the final count.
- In cases where metrics identify the same student across multiple data sets, a derived key (**DERKEY**) match is based on student records with the same: Last Name, First Name, Date of Birth, and Gender. If any of these key metrics are blank or missing, the record is excluded from the denominator. Additionally, please note that students may change this information over time. Therefore, at this time students with different values for any elements of the DERKEY match are treated as separate students.
- Gender: Use latest category provided statewide, or if a student has more than one gender or is unreported anywhere in the system at any level other than the individual college level, assign the student to the “multiple values reported” category which is different than the “unknown/non-respondent” category that corresponds to the “X” selection for the data element.
- Race/Ethnicity: Use latest category provided statewide, or if there is more than one selection in the same term anywhere in the system at any level other than the individual college level, assign the student to the “multiple values reported” category which is different than the “unknown/non-respondent” category that corresponds to the “X” selection for the data element.
- Age: Use age as of October 15th of the academic year anywhere in the community college system at any level other than the individual college level, or if a student’s age is reported differently at various colleges, the student will be assigned to the “multiple values reported” category which is different than the “unknown” category that corresponds to a “YYYYMM99” or “99999999” entry.

## Agency Crosswalk

- An agency crosswalk is provided mapping institutions to micro-regions, consortia, community college district where applicable, and county for living wage calculations.
- Colleges (indicated as CCDs in the Agency Type Detail column) are required to report through MIS although many also report through TOPSpro Enterprise (TE). Coders are expected to merge and deduplicate students found in both COMIS and TE with a DERKEY match (see Deduplication section above).

- For TE reporting only, there are several institutions associated in TE with multiple consortia. Each reporting institution has a unique agency ID in TE. Statewide reporting counts valid student enrollments by institution. Therefore, student records are unduplicated at the institution (agency) and consortium level. For the three cases identified in the chart below (\*), institutions provide services under multiple consortia; however, the data is only reported in LaunchBoard under one.

Agency ID	Agency Name	AEP ID	AEP Consortia Name
11747	El Dorado County Office of Education	24	Lake Tahoe Adult Education Consortium
11747	El Dorado County Office of Education	28	Capital Adult Education Regional Consortium*
1560	Garden Grove Unified School District (GGUSD)	10	Coast Adult Education Consortium
1560	Garden Grove Unified School District (GGUSD)	37	North Orange County Regional Consortium for Adult Education (NOCRC)
1560	Garden Grove Unified School District (GGUSD)	43	Rancho Santiago Adult Education Consortium*
1804	New Haven Unified School District (NHUSD)	7	Chabot-Las Positas/Mid-Alameda County Consortium*
1804	New Haven Unified School District (NHUSD)	38	Southern Alameda County Consortium (Ohlone CCD)

\* Data displayed under consortia on LaunchBoard and in statewide aggregate TE reporting

## DATA SOURCES

- Community college metrics are based on records submitted to the California Community Colleges Chancellor's Office Management Information System (COMIS) by community colleges *and* records submitted to TOPSpro Enterprise (TE) by WIOA Title II funded community colleges.\* COMIS data is available beginning in 2012-13, and TOPSpro data is available beginning in 2016-17. Data on the Adult Education Pipeline are displayed beginning in 2016-17 to ensure outcomes from both data sources are displayed  
\*Note: Some only CAEP-funded community colleges report into TE.
- K12 Adult school metrics are based on records submitted to CASAS using TE by K12 adult schools. Data element titles are those used in the TE dataset provided by CASAS to the Chancellor's Office for use in the LaunchBoard Adult Education data set.
- Employment and earnings metrics are based on records in California's Employment Development Department's Unemployment Insurance data. Unemployment Insurance data only contain wages for those employed in an occupation or industry covered by Unemployment Insurance in California. This excludes individuals employed by the military or federal government, and those who are self-employed, employed out of state, unemployed, or not in the formal workforce after completion of an award. The Unemployment Insurance data does not indicate how many hours an individual worked, part-time / full-time status or occupation. For more information, please refer to the Exempt Employment Information Sheet from EDD: [https://www.edd.ca.gov/pdf\\_pub\\_ctr/de231ee.pdf](https://www.edd.ca.gov/pdf_pub_ctr/de231ee.pdf).
- Living wage information is provided by the Insight Center for Community and Economic Development. Their Family Needs Calculator can be viewed at <https://insightccd.org/family-needs-calculator/> Living wages are calculated based on a single individual in the counties where the adult education provider is located. For the community colleges, the county where the district is located per the California Community College Chancellor's Office is used.

- Data for employment and earnings metrics from the EDD UI wage data set, apprenticeship status, and transfer metrics are based on matches using a student's Social Security Number (SSN). SSNs are recorded in [SB01 Student-Identifier-Status](#). When SB01 = S, then [SB00 Student-Identifier](#) is the SSN and not the district ID.

#### TERMS USED IN THIS DICTIONARY

- **Description:** Description of the metric
- **Display:** Whether the metric applies to the snapshot or cohort view
- **Data Source:** The source or sources of information
- **TOPSPRO Data Elements:** The list of data elements from TOPSpro Enterprise used in the metric definition
- **TOPSpro Calculation:** The specific calculations used or conditions that need to be met to derive the data value from TOPSpro Enterprise for the numerator
- **COMIS Data Elements:** The list of data elements from COMIS used in the metric definition
- **COMIS Calculation:** The specific calculations used or conditions that need to be met to derive the data value from COMIS for the numerator
- **Denominator:** The metric ID that includes the sampling universe or population of students to be included in the denominator
- **Value Type:** The type of data value populated for the metric
- **Drilldowns:** The drilldown options (Gender, Race/Ethnicity, and Age Group disaggregations, Program Type or Student Status) available for this metric
- **Notes:** General information or caveats about the data for the metric

## KEY OR SOURCE DOCUMENTS

### AGENCY CROSSWALK

The table below has been put together from information provided by CASAS as well as information from the CAEP and community college directories. If any information is missing or incorrect, please contact [launchboard@cccco.edu](mailto:launchboard@cccco.edu).

### COST OF LIVING ADJUSTMENTS

All earnings data have been adjusted for inflation using the Consumer Price Index (CPI) for all Urban Consumers values extracted from the [California Department of Finance site](#). A California CPI is calculated by the California Department of Finance as a population-weighted average of the BLS-published local area CPIs. California CPI is used from the [Fiscal Year Averages from 1950](#).

Fiscal Year	CA CPI	CA % change	CA Deflator
1998-99	166.008	2.4583	1.745455456
1999-00	171.247	3.1559	1.692056332

### LIVING WAGE by COUNTY and DISTRICT for Community Colleges

Living wage data is based on the cost of living for a single adult in the county in which each college's district office is located. Living wage figures for 2018 used in the Student Centered Funding Formula calculations

are drawn from the Family Needs Calculator produced by the Insight Center for Community and Economic Development at <https://insightcced.org/2018-self-sufficiency-standard/>.

For the 2021-22 build of the AEP dashboard, the Chancellor's Office has decided to use the 2021 living wage values for a single adult from Insight Center for Community and Economic Development's Family Needs Calculator (source: <https://insightcced.org/family-needs-calculator/> from Self-Sufficiency Standard at the Center for Women's Welfare, University of Washington for 2021 Data Set by county). The mapping of districts and colleges to counties used aligns with SCFF.

## REGIONS

Regions are assigned as follows. For the 2021-22 build of AEP and all former builds, the *data is only displayed by micro-region*. However, the table provided includes macro-regions as well because micro-regions are embedded underneath macro-regions.

Macro-region	Micro-region	District	Community College
Bay Area	Santa Cruz-Monterey	Cabrillo	Cabrillo College
Bay Area	East Bay	Chabot-Las Positas	Chabot College
Bay Area	East Bay	Chabot-Las Positas	Las Positas College
Bay Area	East Bay	Contra Costa	Contra Costa College
Bay Area	East Bay	Contra Costa	Diablo Valley College
Bay Area	East Bay	Contra Costa	Los Medanos College
Bay Area	Silicon Valley	Foothill-Deanza	De Anza College
Bay Area	Silicon Valley	Foothill-Deanza	Foothill College
Bay Area	Silicon Valley	Gavilan	Gavilan College
Bay Area	Santa Cruz-Monterey	Hartnell	Hartnell College
Bay Area	North Bay	Marin	College of Marin
Bay Area	North Bay	Marin	Marin Continuing
Bay Area	Santa Cruz-Monterey	Monterey	Monterey Peninsula College
Bay Area	North Bay	Napa Valley	Napa Valley College
Bay Area	East Bay	Ohlone	Ohlone College
Bay Area	East Bay	Peralta	Berkeley City College
Bay Area	East Bay	Peralta	College of Alameda
Bay Area	East Bay	Peralta	Laney College
Bay Area	East Bay	Peralta	Merritt College
Bay Area	Mid-Peninsula	San Francisco	City College of San Francisco

Macro-region	Micro-region	District	Community College
Bay Area	Mid-Peninsula	San Francisco	San Francisco Centers
Bay Area	Silicon Valley	San Jose-Evergreen	Evergreen Valley College
Bay Area	Silicon Valley	San Jose-Evergreen	San Jose City College
Bay Area	Mid-Peninsula	San Mateo	Cañada College
Bay Area	Mid-Peninsula	San Mateo	College of San Mateo
Bay Area	Mid-Peninsula	San Mateo	Skyline College
Bay Area	North Bay	Solano	Solano Community College

## AE 200 Reportable Individuals

<b>Description</b>	<p>The number of learners who had one or more hours of instruction or positive attendance hours, across all enrollments, in an adult education program, and / or who received services at a K12 adult school or noncredit services at a community college. This metric is also referred to as “Adults Served.”</p> <p>Note: Due to the continued challenges noncredit community college institutions have faced in reporting student attendance hours for noncredit distance education courses, the hour threshold requirement in this metric is not enforced for noncredit community college students during Covid-impacted terms (spring 2020 and all terms in 2020-21). An enrollment record in an adult education program is used as a proxy for the hour threshold component of this metric during the timeframe.</p>
<b>Student type</b>	Adult education/ESL

#### AE 202 Students with 12+ Instructional Contact Hours (Participants)

<b>Description</b>	<p>Among all Reportable Individuals (AE 200), the number who received 12 or more hours of instruction or positive attendance hours, across all enrollments, in an adult education program.</p> <p>Note: Due to the continued challenges noncredit community college institutions have faced in reporting student attendance hours for noncredit distance education courses, the hour threshold requirement in this metric is not enforced for noncredit community college students during Covid-impacted terms (spring 2020 and all terms in 2020-21). An enrollment record in an adult education program is used as a proxy for the hour threshold component of this metric during the timeframe.</p>

AE 206 PROTOTYPE: Students with Noncredit Enrollment Only in Non-Adult Education Program Courses Who Received Noncredit Services (AE 9005 Wrapper)

<b>Description</b>	<p>Among all Reportable Individuals (AE 200), the number who had one or more hours of instruction only in noncredit courses that are NOT within an adult education program area and received noncredit support services.</p> <p>Note: Due to the continued challenges noncredit community college institutions have faced in reporting student attendance hours for noncredit distance education courses, the hour threshold requirement in this metric is not enforced for noncredit community college students during Covid-impacted terms (spring 2020 and all terms in 2020-21). An enrollment record in an adult education program is used as a proxy for the hour threshold component of this metric during the timeframe.</p>

#### AE 9003 Wrapper Metric for Change in Earnings and Median Annual Earnings

<b>Description</b>	Among all Exiting Participants that were Employed Two Quarters after Exit (AE 505), the number included in AE 801 Median Change in Earnings and AE 800 Median Annual Earnings.
<b>Student type</b>	Adult education/ESL
<b>Display</b>	Snapshot
<b>Data Sources</b>	CASAS TOPSpro Enterprise Chancellor's Office Management Information System
<b>TOPSpro Data Source Elements</b>	
<b>TOPSpro Calculations</b>	Wrapper metric for AE 801 and AE 800
<b>COMIS Data Source Elements</b>	
<b>COMIS Calculations</b>	Wrapper metric for AE 801 and AE 800
<b>Denominator</b>	<a href="#">AE 505</a> Exiting Participants who have a wage record in EDDUI in Q4 of the selected year
<b>Value Type</b>	Percentage and dollar figures
<b>Drilldowns</b>	Disaggregations: Gender, Race/Ethnicity, Age Group
<b>Notes</b>	Wrapper metrics are solely for the display of other metrics by grouping together those metrics to show overall rates or percentages for comparison

#### AE 521 Top Five Institutions for Employment Two Quarters After Exit

<b>Description</b>	The top five institutions with the highest proportion or number of Exiting Participants who were Employed Two Quarters after Exit (AE 505).
<b>Student type</b>	Adult education/ESL
<b>Display</b>	Snapshot
<b>Data Sources</b>	CASAS TOPSpro Enterprise Chancellor's Office Management Information System Employment Development Department Unemployment Insurance Wage File
<b>Calculations</b>	Determine top five institutions by: <ul style="list-style-type: none"> <li>• Take percentage and value calculated for <a href="#">AE 505 Employment Two Quarters After Exit</a> at the institution level</li> <li>• AND List percentages in descending order</li> <li>• OR List values in descending order</li> <li>• AND Display the top 5 institutions by percentage</li> <li>• OR Display the top 5 institutions by value</li> </ul>
<b>Denominator</b>	<a href="#">AE 203</a> Exiting Participants
<b>Value Type</b>	Percentage and Unduplicated count of Participants
<b>Drilldowns</b>	Disaggregations: Gender, Race/Ethnicity, Age Group
<b>Notes</b>	<ul style="list-style-type: none"> <li>• At the statewide level, top 5 institutions in state are displayed. At the regional level top 5 institutions in the region are displayed</li> <li>• Should be able to toggle between top five by percentage and also top five by value at the statewide and region level</li> <li>• During the 2021-22 build cycle, the UI wage file was determined to have two distinct data quality issues: a) there are instances where EDD has changed historical information for students in the UI wage file that is delivered to the Chancellor's Office each year to determine student earnings, and b) the data received from EDD contains duplicate records. The Chancellor's Office is exploring these challenges with EDD. Please see the Changes in Definitions document for the current impact of these challenges.</li> </ul>

#### AE 514 Top Five Institutions for Employment Four Quarters After Exit

<b>Description</b>	The top five institutions with the highest proportion or number of Exiting Participants who were Employed Four Quarters after Exit (AE 506).
<b>Student type</b>	Adult education/ESL
<b>Display</b>	Snapshot

<b>Data Sources</b>	CASAS TOPSpro Enterprise Chancellor's Office Management Information System Employment Development Department Unemployment Insurance Wage File
<b>Calculations</b>	Determine top five institutions by: <ul style="list-style-type: none"> <li>• Take percentage or value calculated for <a href="#">AE 506 Employment Four Quarters After Exit</a> at the institution level</li> <li>• AND List percentages in descending order</li> <li>• OR List values in descending order</li> <li>• AND Display the top 5 institutions by percentage</li> <li>• OR Display the top 5 institutions by value</li> </ul>
<b>Denominator</b>	<a href="#">AE 203</a> Exiting Participants
<b>Value Type</b>	Percentage and Unduplicated count of Participants
<b>Drilldowns</b>	Disaggregations: None
<b>Notes</b>	<ul style="list-style-type: none"> <li>• At the statewide level, top 5 institutions in state are displayed.
