

What Are the Data Sources for the LaunchBoard?

The Launchboard Draws on Multiple Sources of Data

STUDENTS

Self-reported information on:

- Employment
- Earnings
- Employment context

(CTE Outcomes Survey)

K-12

Voluntarily-shared information on:

- Student demographics
- Course taking

Partnership for Achieving Student Success

ADULT ED

Mandatory uploads on:

- Student demographics
- Course taking
- Completion

QUALITY ASSESSMENT SYSTEMS

(Comprehensive Adult Student Assessment Systems)

COLLEGES

Mandatory uploads on:

- Student demographics
- Course taking
- Completion

(Chancellor's Office Management Information System)

EMPLOYEES

Mandatory uploads on:

- Employment
- Earnings

(Employment Development Department)

Data from proprietary sources

(Economic Modeling Specialists International)

Each Launchboard Tab Draws on Several Sources

Community College Pipeline	Student Success Metrics & Strong Workforce Program	K-12 Strong Workforce Program	Guided Pathways	Adult Education Pipeline
<ul style="list-style-type: none">• MIS• EDD• EMSI• CTEOS	<ul style="list-style-type: none">• MIS• EDD• CTEOS	<ul style="list-style-type: none">• CALPADS• MIS	<ul style="list-style-type: none">• MIS	<ul style="list-style-type: none">• CASAS• MIS• EDD

Together, the tabs help provide a more complete picture of students' progress into and through career and technical education programs, their employment outcomes, and the labor market context for educational programs.
