Economic and Workforce Development

California Community Colleges Chancellor's Office

Agenda

1:00   Welcome by Vice Chancellor Weber

1:10   Background, Purpose, and Highlights of CCP

1:40   Live Demonstration of the CCP Dashboard

2:15   Q&A

2:25   Closing Remarks by Visiting Executive Hetts

2:30   End

California Community Colleges

Webinar Goals

Understanding the vision and purpose for the CCP dashboard

- Why was it created
- What is in it
- Why and how would I use it

Walkthrough of the User Interface

- How to navigate the buttons
- How to build your queries
- How to find and interpret information

Community
Colleges

What is the LaunchBoard

Chancellor's Office's **suite** of web-based data **dashboards** that **bring** education, employment, and some labor market **information** together to **measure progress** on the **Vision Goals** and **aid decision making** and **planning** in postsecondary institutions.

Dashboards in the LaunchBoard

Community College Pipeline—is the most comprehensive dashboard, offering views of students at the industry sector and program level.

Student Success Metrics—showcases student progression along various educational journeys, from recruitment to completion, transfer and the workforce.

Guided Pathways—provides a cohort view of first-time students' progress with first-year momentum points for evaluating college redesign efforts

Strong Workforce Program—displays data for CTE students on all CTE programs, industry sectors and individual programs (using the six-digit Taxonomy of Program code).

Adult Education Pipeline—displays data for K-12 adult education and community college noncredit student journeys including progress, transition, completion and workforce outcomes.

California Community Colleges

The LaunchBoard on the Web

California Community Colleges | LaunchBoard

The LaunchBoard, a statewide data system supported by the California Community Colleges Chancellor's Office and hosted by Cal-PASS Plus, provides data on progress, success, employment, and earnings outcomes for California community college students. Find out more about the LaunchBoard dashboards here.

Student Success Metrics
California Community Colleges | Student Success Metrics

Student Success Metrics Dashboard
View student progression along various educational journeys, from recruitment to completion, transfer, and the workforce.

Explore

Community College Pipeline
Community college offerings, student characteristics, milestones, completion, and employment outcomes to support program review and planning.

California Community Colleges

Purpose and Background of CCP

- The main purpose of the dashboard is to **view and compare metrics** for **program review** and **improvement** at the regional, district, college, sector and program (TOP code) levels

- The **most mature** dashboard (2013) and includes the **most metrics**

- Includes data on **non-special admit students** who met minimum enrollment requirements (.05 credit units or 12+ contact hours in noncredit)

- **Aligns** to Strong Workforce Program (All CTE Programs) and Student Success Metrics

California Community Colleges

Some Key features of CCP

- Explore how students are doing at the **program**, **sector**, college, district or regional level in **meeting outcome metrics** included in SSM, SCFF, 17% SWP Incentive Funding and many **other metrics**

- Examine how **students** with different completion levels (example: certificates, associates, skills builders) **compare to each other** in the job market

- Run **comparisons** and see **top code level data** in state or region

- View **data at varying** levels—high level snapshot; summary of key metrics; detailed data

- Generate a **full data export** to conduct further analysis

Highlights of the current CCP dashboard

o Added all accountability metrics and other metrics into views along the student journey

o Aligned metrics with SSM, SCFF, GP, and SWP definitions

o UI Improvements: Added district view, consistency across displays

o Added latest year of data available and added data back to 2011-12

o Aligned All CTE Programs drilldown to match SWP dashboard view

o Added in more metrics from CTEOS to enhance COMIS data

Colleges

View Information at Three Levels in CCP

- **Homepage**: High-level data points on key program and student outcomes

- **Summary View**: Infographics designed to support data-informed conversations

- **Detailed View**: Chart and table provided
  - The ability to view time trends back to 2011-12 for all data except CTEOS data
  - The ability to view disaggregated results by demographics
  - The option to compare results at the program, institution or regional level
  - The ability to view all colleges in a micro or macro region for selected year with an additional table added for all metrics when macro or micro region selected as the locale
